

English II 2016-2017 Summer Reading List

Welcome to English II. During the summer, students need to prepare the first assignments that accompany their novel selections. Summer reading allows the students the opportunity to build their reading skills and enjoy a book that they have chosen. These books have been chosen by the tenth grade teachers from suggested reading from the State Library of Louisiana. Books may be found at the Shreve Memorial Library, Barnes and Noble, Amazon, or any other source of free books or books for sale. Some books may have mature content, parents are encouraged to have a conversation with their child about book choices.

General Students: Choose two
